## Organization of the Student Association

The Student Association consists of every student at St. Andrews. The government of the Student Association is divided into three branches. The Student Cabinet, as the executive branch, is composed of the executive officers of the student body, together with the presidents of all the major organizations of the Association and the Attorney General, representing the judicial branch. The Cabinet is the executive level co-ordinating agency for campus student activities. All college-related organizations are immediately responsible to the Student Cabinet (Article III, Section 4 b and c).

The judicial branch, composed of five courts, is staffed by elected representatives of the student body. The courts try all social offenses and any honor code violations. (Article V).

The Inter-Dormitory Senate, as the legislative branch, is composed of elected representatives from all the dormitories and from the day students. The Senate considers and initiates all legislation pertaining to student welfare and general student interest. (Article IV, Section 1b and c). Every major organization of the student body has faculty and staff advisors to assist with programs of the student groups.

## U.S.N.S.A.

St. Andrews is a member of the United States National Student Association, a confederation of more than three hundred college and university student governments across the nation. It is also the sole student organization which shares, with Student Personnel Services, the mutual responsibility for the students' services and events offered in the College Union. The members of the Board are responsible for finding and hiring bands (and combos) to play at major events and dances

### **College Christian Council:**

The College Christian Council is a campus-wide, inter-denominational group which attempts to provide a context within the campus and within the community for honest questioning, concern, communication, worship, and action. Specific programs and projects of the CCC include: a Peace Corps, working with underprivileged communities in Laurinburg, through tutoring, construction and recreation; a series of symposia on controversial and relevant topics of concern; aid in planning of chapel and special services throughout the year; publication of the **Dialogue**, an "instrument of communication" on campus; a Deputation Team which visits youth groups in churches all over North and South Carolina; an occasional event or concert, such as the Southern Folk Festival. Officers will be announced in the Fall.

### **The Intramural Sports Council:**

The Intramural Sports Council is responsible for all recreational sports on campus. It includes individual and dormitory competition in such sports as volleyball, swimming, football, softball, basketball, tennis, Ping Pong, golf, hockey, and bowling. At certain scheduled dates during the year the college also participates in intercollegiate play-days and sports meets. Every female student is automatically a member of the Women's Recreation Association and every male student is automatically a member of the Men's Recreation Association. Seasonal sports chairmen will be chosen in the fall.

### **The Orientation Committee:**

The Orientation Committee is responsible for setting up activities to acquaint incoming freshmen with the different opportunities both socially and academically that St. Andrews offers. The schedule will be channeled through dorm functions and student-faculty advisory committees. It is designed not only to present the physical structure of the campus, but to introduce a "bit of college life" to the freshmen.

Chairmen ----- Janice Davidson, John Robinson,  
Randy Boyd, Lynn Horine, Elsie Mason, Regina Turbyfill, Craig  
Van Schoik  
Advisors ----- Robert Chaiken, Dean Decker

### **The Handbook Committee:**

The Handbook Committee formulates the most up-to-date and accurate description of the life, activities, rules, and procedures as they exist on campus. The entire format of **The Saltire** is the province of the committee. Editorial statements are drafted for consideration by the committee and the advisor and the administration. The members of the Handbook Committee are chosen from students who indicate an interest in composing the following year's **The Saltire**.

Chairwoman ----- Wilma Reichard  
Co-Chairman ----- Tommy Sperling  
Mary Daniel, Jane Monteith, David Williams  
Advisor ----- Dean R. W. Decker

### **Publications Board:**

The Publications Board concerns itself with the interests of **The Lance** (the college newspaper), the **Lamp and Shield** (the college yearbook) and the St. Andrews literary magazine, **The Cairn**. All of these are a means of bringing student concerns to the faculty and vice-versa, formulating student opinions on various issues of the campus and the world at large and trying to recreate a piece of St. Andrews in picture and literature. The Publications Board also concerns itself with financial needs of the publications.

Elsie Mason, Jeff Neill, Tricia Smith  
Advisor ----- Ron Bayes

### **Other Committees:**

The following committees are usually appointed at the end of the previous year, following Student Association elections. The members of these committees are approved by the Senate upon recommendation by the President of the Student Association:

#### **Food Committee:**

The Food Committee works with the cafeteria services. Students with complaints concerning food services should contact members of this committee. Membership will be appointed in the fall. After appointments, a student may find out who the members are through their dorm president or vice-president.

### **Health Services Committee:**

A new committee for the 1972-1973 year, the Health Services Committee, works with Health and Rehabilitation Services representing student needs. Students with complaints concerning health services should contact members of this committee.

Bill Asher, Glenda Buck, Joanne Foil, Dave Kelly, Annette Lauber, Tommy Warren

Advisor ----- Dr. Robert M. Urie

### **Graduation Committee:**

This committee works with the College Administration in preparing for graduation exercises. It shall consist of three rising members of the Senior Class. These Seniors will be appointed in the fall.

As well as these committees there are several faculty-student committees whose members are listed under "Faculty and Student Committees."

## **JUDICIARY PROCEDURE**

### **Reporting a Case:**

Cases of serious misconduct as provided for in the Student Association Constitution are reported either directly to the Attorney General or indirectly to her by informing Office of Student Personnel Services or member of the Judicial Committee. In disciplinary cases, judicial authorities of the College consider not only the specific charge but also the student's total academic and citizenship record. Technically proved evidence is not to be considered essential at this educational institution. First offenses, unless of extreme severity, are not usually to be considered grounds for expulsion. The following procedures for hearings by a court at St. Andrews are believed to be reasonable for this educational setting.

### **Notification of Those Concerned:**

The Judicial authority will give notice of the scheduled hearing no less than 24 hours in advance to the student concerned and to members of the court, its advisors and others who may be involved, giving instructions of appearing before the court, including time and place scheduled. The student's Faculty Advisor will also be notified. The student may request a student, faculty member or other college officials to appear with him as counsel. The student accused may call witnesses in his behalf before the court, both material and character. Prior to the trial, the Attorney General shall inform the student accused of all of his rights.

### **Witnesses:**

The testimony of witnesses in court will be recorded. All testimony given the court while in session by any person appearing before the court is to be given and received in full recognition of serious action that will follow perjury. Further, official transcripts of the hearings of the court, including the names of the accused and the witnesses, will be restricted

to members of the judicial body and to college officials for whom such information is needed in follow-up action and counseling. Any public report of action taken in cases of misconduct will show reference to the case only as case number and summary of action taken by the court. Character witnesses however, will not be recorded and will speak to the court with the accused being absent.

### **Appeals:**

A defendant tried in the Dorm Council has the right of appeal to the Residence Court.

A defendant tried in the Traffic Court has the right to appeal to the Student Judiciary Board.

A defendant tried in the Student Judiciary Board has the right to appeal to the Student-Faculty Appellate Board (or the Faculty Executive Committee).

In order to appeal, the defendant must indicate his desire to the chairman of the board by 4:00 p.m. the day following the case.

If he does not indicate to appeal by 4:00 p.m., the sentence goes into immediate effect.

If the chairman is notified that the defendant wishes to appeal, the defendant has until 11:00 a.m. of the following day to present a statement of grounds of appeal and a complete list of counsel and witnesses he wishes to call. If this is not done, the original sentence goes into effect.

The Deans may make allowance for the terms of restriction or departure for resident students who are to depart from the campus, when appropriate. Any return to campus thereafter must be approved beforehand by the Dean of Students or his representative. Non-residents who are suspended or expelled are expected to observe these conditions as they apply to resident students.

**NOTE:** Departure from normal procedure must be requested by the accused or the appropriate judicial authority in writing and must be approved by the Dean of Students or his representative.

### **Alternate Judicial Procedure:**

During final exam periods normal judicial procedures may be suspended because of the impossibility of getting together members of the proper judicial body. In such times the Dean of Students and the Dean of the College may in consultation with the Attorney General review the cases and decide on appropriate action. This court is also employed when the defendant feels that he will not receive just action in any other court.

### **The Judiciary Committee:**

The Judiciary Committee does "the organization" for the courts. It is chaired by the Attorney General and all cases and accusations are originally made to this person. Membership to the committee consists of investigators who are assigned to individual cases by the Attorney General in order to gather the statements and materials necessary for the actual case.

Chairwoman ----- Joanne Foil  
 Secretary ----- Vickie Tomlinson  
 Mary Lou Brown, George Howard, John Joseph, Debbie Luck-  
 ritz, Elsie Mason, Dave Smith, Buffie Whitmyre, Evelyn Worth.

### **The Student Judiciary Board:**

The Student Judiciary Board, composed of two sophomores, two juniors, and three seniors elected by the student body, tries all Honor Code offenses: lying, cheating, stealing and hears appeals from the Traffic Court. The cases are referred to the Board by the Attorney General. The Board can render sentences from expulsion, by unanimous vote, to a mere warning. Due to the fact that cheating falls under the Honor Code, the Board handles most cases from the academic side of campus. There is an advisor from the faculty or administration, but this person does not serve in a voting capacity.

Chairman ----- Hewitt Gehres  
 Vice-Chairman ----- Tommy Sperling  
 Senior Members ----- Ross Alderman, Jeff Neill  
 Junior Member ----- Susan Harris  
 Sophomore Members ----- David Harris, Mary McArthur  
 Advisors ----- To be announced

### **The Student-Faculty Appellate Board:**

The Student-Faculty Appellate Board is the highest judicial body representing the students, Faculty and Administration. It consists of two elected members from the incoming senior class and one elected member from the incoming junior class; one faculty-administration member is elected in keeping with the procedure provided in the Faculty By-Laws; one representative of the Dean of Students. The Board interprets the Constitution of the Student Association and hears appeals from the Student Judiciary Board, but has no original jurisdiction. Upon hearing appeals the Board may uphold or reduce the original sentence.

Senior Members ----- Alan Coleman, Frank Parr  
 Junior Member ----- John Robinson  
 Chairman and faculty representation to be announced.

### **Residence Courts:**

Men's and Women's Residence Courts handle cases involving violations other than Honor Code offenses, that occur in or around the dormitories or affect them.

The court (each one respectively) consists of two representatives nominated from each dormitory, and is called to meet only when a case arises. Members from both courts may combine to form a coed court.

### **MOTOR VEHICLE REGULATIONS**

All vehicles must be registered for each academic year and decals placed on the left side of the rear bumper within two weeks after the official class registration date of said semester. The cost for registration is \$1.00. Any student or employee with a motor vehicle with no registration decal after the registration date will be fined \$5.00. Students planning to bring vehicles on campus after the registration period must obtain a Vehicle Registration form from Office of Student Personnel Services.

The following traffic and parking rules are to be observed by operators of motor vehicles.

All traffic rules and regulations of the State of North Carolina apply to vehicular traffic on St. Andrews property.

**Overnight Parking** is restricted to regular parking lots. Persons parking elsewhere between 1:00 a.m. and 7:00 a.m. will be served with violation tickets. Overnight parking is prohibited in the circle. The circle in front of the College Union is for access by emergency vehicles and short-term parking. Parking is not permitted by the yellow curbs.

**Motor Scooters and Motorcycles**, when properly registered with Office of Student Personnel Services, may be operated on campus under the same rules and regulations as automobiles, provided that each vehicle has factory mufflers with all baffles in place and secure. Any vehicle which makes excessive noise shall be repaired or removed from campus. State regulations governing motor bikes on state roads will be enforced on campus. In addition, helmets must be worn at all times, on or off roads.

No student vehicle shall be driven or parked on the lawn or side-

walk—except at the beginning and end of vacations when vehicles are permitted for the purpose of loading and unloading luggage—without permission from the Physical Plant Office or the Student Personnel Services Office. Violation of this regulation will incur a \$5.00 fine. However, parking facilities are available for motorcycles under Winston-Salem Dorm. Motorcyclists are permitted to drive on the sidewalk from Winston-Salem to the Winston-Salem parking lot.

**All Tickets** must be paid before the end of the semester or the student will not be allowed to register for the following semester and all transcripts will be held. If the recipient of a ticket wishes to contest the ticket, he must, in writing, notify the chairman of the Traffic Council of his desire within 72 hours of receiving the ticket.

**Any person who receives five tickets** in one semester will receive a notice to appear before the Traffic Council for judicial action. (Winter term is included with Fall term as one semester.)

**Failure to appear before the Traffic Council** after being summoned by the chairman of the Traffic Council will result in the violator being subject to action by the court.

**All Tickets** are to be paid at the College Business Office.

**Visitors** who receive parking tickets should appeal to the Security Officer at the Physical Plant.

**First Violation — \$1.00 Fine:**

1. Parking by yellow curb leaving vehicle unattended
2. Parking in a prohibited zone
3. Obstructing traffic
4. Parking overnight in a restricted zone

**First Violation — \$5.00 Fine:**

1. No college registration
2. Vehicle on grass or sidewalk without permission
3. Reckless driving

**Above Violations:** (speeding, reckless driving, etc.) All moving violations subject to North Carolina state law are adopted as college regulations.

**Traffic Court** decisions may be appealed to the Student Judicial Board if notice of the appeal is made within 72 hours of the council's decision. Ignorance of these traffic laws is no excuse.

**NOTE REGARDING BICYCLES:** Each bicycle must be registered each academic year with Office of Student Personnel Services and display the registration decal (no charge). This is made mandatory for the sole reason of protecting the owner from theft. For this same reason locks are highly recommended. Bicycle operators are to recognize that pedestrian traffic has the right of way both when the vehicle is parked as well

as when it is being operated. Bicycles are not to be operated on the sidewalk ramps around the upper level of the Student Union. Bicycles are also not to be operated on the wheelchair ramp at the end of the causewalk on the academic side of the campus. Bicycle operators may ride up the ramp to the Vardell Building.

## STUDENT ORGANIZATIONS

**North Carolina Public Interest Research Group (NC-PIRG)** is a non-profit, non-partisan organization funded by students and controlled by a state board of elected student representatives. The purpose of NC-PIRG is to articulate and pursue, through the media, the institutes of government, the courts and other legal means, the concerns of students on issues of general public interest. Issues will include environmental preservation, consumer protection and the role of corporation and government agency in the life of the average citizen. NC-PIRG is financed by an increase in student fees of \$1.50 per student per semester. Any student who does not wish to contribute shall be entitled to a full refund during the third week of each semester from an established public office on campus.

## UNCHARTERED CLUBS

### MUSICAL ORGANIZATIONS

Membership in musical organizations is open to all students. Participants are required to attend all performances of their organizations, and receive one-fourth course credit per semester.

**The St. Andrews College Choir** is St. Andrews' touring elite, for it has won high acclaim for musicianship and professional conduct on its annual tours, both at home and abroad. A special feature of their January 1971 winter term was a tour of England and Scotland; they plan to go abroad again in 1974. Choir officers will be elected in the fall.

**The St. Andrews Chorale**, which meets at the same time as the College Choir, concentrates on the preparation of major choral works such as Haydn's **Creation** oratorio for performance on campus with the community. Both choirs may occasionally sing for chapel.

**The St. Andrews Chamber Singers** is a small vocal ensemble made up of members of the College Choir. They practice two extra hours each week, specializing in the performance of Renaissance and Contemporary vocal chamber music. The Chamber Singers perform on and off campus throughout the year.

Instrumental ensembles are organized as students are available. Ensembles anticipated include a concert ensemble, a stage band, and a pep band. During the '71-'72 year the bands made many appearances including the highly successful Spring Pops Concert in May.

Officers of the St. Andrews College Concert Band for 1972-73 are:

President	-----	J. Mark Smith
Vice-President	-----	John Ware

Secretary-Treasurer ----- James Sinclair

## **ADVISORS FOR CLUBS AND ORGANIZATIONS**

The Advisor of a club is its official liaison to the Administration and Faculty. Faculty Advisors to the Senate, Judiciary Board, the College Christian Council, to the publications, clubs, and other student organizations are selected by the members of the student organizations; these appointments are subject to approval by the Dean of the College and the Dean of Students. A representative of the Physical Education Department usually serves as advisor to the Intramural Sports Council but, like other advisors, does not serve in a voting capacity.

## **FINANCIAL BUSINESS OF THE STUDENT ASSOCIATION AND ITS CLUBS AND ORGANIZATIONS**

The Treasurer of the Student Association is solely responsible for all funds of the Student Association. He receives proposed budgets from all organizations on campus, then formulates a budget. All organizations should make requests for funds in the spring not less than one month prior to the end of the academic year. Final action will be taken no more than one month after the beginning of the fall term. The Treasurer of the Student Association will keep office hours which will be posted in the Student Association Office when he takes office. Request for funds will be granted only during these times except under extenuating circumstances. No requisitions for funds of the Student Association will be accepted by the Business Office without authorization of the Treasurer of the Student Association.

## **SPORTS AND RECREATION**

"Try-out" dates for those interested as participants in intercollegiate competition will be announced by the coaching staff. The programs are open to all students. No athletic scholarships are offered.

Intramural sports include a wide range of activities organized on an individual or dorm competition level. The Intramural Sports Council organizes the various activities which include swimming, football, softball, basketball, track, handball, pool, volleyball, horseshoes, tennis, paddleball, Ping Pong, golf, wrestling, cross country, and bowling.

## **Chapel**

In celebration of our faith as Christians in a college community, St. Andrews students, faculty, and staff gather for a service of worship at appropriate times, usually at 10:15 p.m. on Wednesday. The service is usually conducted by the College Pastor with faculty, students and visitors speaking also. The Chapel Committee of the College Christian Council plans the various programs. Often, other media are used with the aim of finding forms which enable us to celebrate our faith in the twentieth century. These forms include music, drama, films, and dance.

Every effort is made to create the possibility for modern, intelligent, and informed people to express their faith in a service which is designed to reflect our interests as a college community. Current issues of belief and practice, personal and social, in the College and in the wider community, are exposed and explored in the conviction that anything less pointed and central would be unworthy of what God is doing in the world.

The Center also maintains data concerning graduate and professional schools, provides opportunities for students to interview representatives of government, business, and industry and establishes placement files for graduates. It also serves as a clearinghouse for part-time employment opportunities.

## COUNSELING SERVICES

Counseling presupposes some level of expertise on the part of the counselor which enables others to trust his judgment and have confidence in his integrity. Counseling also presupposes: a willingness on the counselor's part to give anyone seeking help his undivided interest, time, understanding, and attention; the promise that what they share will be kept in absolute confidence; and a willingness to take the other person and what troubles him with absolute seriousness.

There are several persons who give a significant amount of their time to personal counseling, including Ida Malloy and Vann Joines. By personal counseling we mean to suggest all those problems which are common to people in a college setting: problems about vocation and study, problems about sex, problems about roommates, problems about parents, personal problems about the draft and its alternatives, problems about drugs, etc. Both individual and group counseling are available.

The College Counselors' offices are located on the ground floor of the College Union. Ida Mae Malloy serves them as secretary and will know their schedules and make appointments for students who want to see one of them. Of course, any one of them can be approached directly, either in person or by phone. In their training and in their personal commitments, these people are uniquely prepared to offer personal counseling as we have described it.

The services of the Career and Personal Counseling Center are available to students for whom vocational and diagnostic testing and interpretation would prove helpful.

The College also provides psychiatric referral on a limited basis for diagnostic and short-term therapeutic services. The psychiatrist sees students only on referral from one of the counselors, and he also serves as the counselors' professional supervisor, reviewing their work to improve their competence. The psychiatrist is some distance away and the cost of his services is borne by students except in unusual circumstances, but these can be discussed with the College Counselors if and when a referral is requested or thought necessary.

Not all such students require adult attendants in addition to the student roommate-aide and questions about these matters should be taken to the Rehabilitation Office.

# College Regulations

UNTITLED—*Mary Daniel*

## **ACADEMIC POLICIES**

The following regulations relate primarily to academic expectations under the general coordination of the Dean of the College and his staff and are subject to review as necessary by the Faculty Executive Committee, Faculty Advisors, the Dean of Students, and other officers of the college who may advise students relative to those regulations; however, when interpretations may be needed, such questions are to be referred to the Dean of the College or to the Chairman of the Faculty Executive Committee.

### **Registration**

Toward the close of the Fall and Spring terms, each student must plan his course program for the succeeding term (and summer school and winter term when appropriate) in conference with Faculty Advisor and complete advanced registration for the term in question. New students confer with their Faculty Advisors during the orientation period. Final registration is completed at designated times at the beginning of each term. All courses and changes in a course program must be approved by the Faculty Advisor.

A student wishing to change his academic advisor may request such, with the concurrence of the faculty members involved, through the Registrar's Office.

### **Course Load**

The course load for the 4-1-4 calendar is four courses in the Fall and Spring terms and one course during the Winter term. Students with a 3.0 average for the last regular term or a 3.0 average overall may take one additional full-credit course during the regular Fall and Spring terms. No student may take more than one course during Winter Term. A student whose schedule falls below three full-credit courses must have permission of the Dean of the College to remain in school. If for some approved reason a student is registered for less than the regular load, he may be classified either as a special degree student or as a special non-degree student.

### **Winter Term**

Arrangements may be made to take Winter term courses at several other colleges on the 4-1-4 calendar, as well as off-campus courses offered by those colleges. Overseas courses are offered at an additional price to England, Latin America, Hawaii, Greece, and Italy. Arrangements must be approved in advance by the student's Faculty Advisor and the Division Chairman involved.

### **Application For An Academic Major**

Not later than the Spring of his sophomore year the student must select the department in which he wishes to major. The requirements in each major field are given at the beginning of the description of courses

in that department and are found in the 1972-1973 St. Andrews Catalog. If a student is not accepted in any department by the beginning of his senior year, he will not be eligible to continue at St. Andrews.

## **Attendance Regulations**

### **1. General College Policy**

Regular class attendance is an important student obligation and a student is responsible for all the work, including tests and written work, done in all class meetings. No right or privilege exists which authorizes a student to be absent from any given number of class meetings.

### **2. Absence Policy**

Students are expected to be present at all their regularly scheduled class appointments. Experience has shown that successful students do not absent themselves from class without good reason. One of the major causes for poor academic achievement is excessive absence from class.

Attendance regulations are designed to provide that a large measure of individual responsibility be given to students whose academic records justify the delegation of such responsibility. The instructor in each course will announce and maintain an absence policy in keeping with the nature of the course and the classification of the student. Each student should familiarize himself with this policy at the beginning of each course.

When absences from class endanger a student's academic standing or indicate a serious lack of commitment to the work of the course, the student will be involuntarily withdrawn from the course after a formal warning from the Dean of the College.

### **3. Exceptions To The Above Policy**

#### **Absences Before and After Holidays**

To preserve the integrity of the calendar and the academic program, students will be expected to attend all classes the two class days before and the two class days after each holiday. A record of attendance in all such classes will be reported to the registrar by all instructors.

Students with less than a 3.00 St. Andrews cumulative grade point ratio (g.p.r.) who are absent from these classes will be placed on probation for the remainder of the semester. Students already on probation who miss such classes will be asked to appear before the Faculty Executive Committee for appropriate discipline which may involve dismissal from the college.

## **System of Grading**

1. Each student receives a grade in his course at the close of the term. The mid-term grades when given do not appear on a student's transcript; they are designed to give the student an indication of his

progress. The grading system is as follows:

Grade	Interpretation	Quality Points
A	Excellent	4 per course
B	Good	3 per course
C	Satisfactory	2 per course
D	Passing	1 per course
E	Conditional Failure	0 per course
F	Failure	0 per course
I	Incomplete	0 per course
WP	Withdrew while passing	0 per course
WF	Withdrew while failing	0 per course

2. Grade points, the numerical equivalent of the letter grade, are used to determine the student's rank in his class, academic honors, and academic warning. To meet the minimum requirements for graduation all students must have (1) a grade point average of 2.0 on all work attempted at St. Andrews; (2) credit for 36 full-credit courses, including one Winter term course for each year of enrollment, and a 37th course consisting of passing work on four terms of Physical Education activity courses, and satisfactory completion of the basic swimming requirement; (3) a grade point average of 2.0 in the major field taken at St. Andrews.

3. Grade points on acceptable work transferred to St. Andrews will not be included in a student's grade point ratio of work done at St. Andrews. All transfer student credits to be accepted by St. Andrews must have a written approval of the Dean of the College.

4. A student's cumulative grade point ratio at St. Andrews (SACU) will be the basis on which honors and qualifications for student offices will be computed.

5. A student must have completed 18 courses at St. Andrews to be eligible for the honor society. The student's citizenship record also must be one of good standing.

### **Course Additions, Withdrawals, and Conditional Grades**

1. Freshmen are permitted to drop courses with the approval of their Faculty Advisor in a designated period following registration day without having this recorded on their permanent records; upperclassmen are allowed a period of one week for dropping particular courses under the same conditions. After this time, a "WP" grade is given when the student withdraws with the approval of his Faculty Advisor while doing passing work. Otherwise, a grade of "WF" is recorded. No student may withdraw from a course during the four weeks preceding the final recitation of the semester without the approval of the Faculty Executive Committee.

2. Students are permitted to add courses with the approval of their Faculty Advisor for a period of a week following registration day. Students who drop or add courses after academic registration must do so in keeping with the proper form available in the registrar's office. Complete

instructions are provided on the form and it is essential that the student process this form in every detail in order for his records to be accurate. Merely discontinuing attendance is not sufficient; it is necessary that the proper procedure be followed immediately, and the first step must be discussion of the matter with the Faculty Advisor. Registration or adding a course after the announced drop-add period will require a payment of five (\$5.00) dollars.

3. Any student may be dropped for cause from any course at any time upon recommendation of the professor and the approval of the Dean of the College. Sufficient cause for dropping a student would include excessive absences (see "Attendance Regulation"), lack of preparation, general neglect, unwholesome attitude, or improper conduct in class.

4. The College Physicians at any time may recommend to the Faculty Executive Committee that a student be allowed to drop a course for medical reasons. The Dean of the College or the Dean of Students may make a similar recommendation when circumstances surrounding a student's work are of an unusual nature. In such cases a grade of "W" will be recorded.

5. A grade of conditional failure (E) may be removed by reexamination. This must be accomplished within the fourth week of the following semester. Any exceptions must be authorized in advance by the Dean of the College. If not removed within the authorized time, the "E" becomes a failure, (F).

6. A failure (F) cannot be removed from a student's record. However, if such courses are repeated, the second grade is recorded as the final grade for the courses. If a course is not required for graduation or for a major it may be repeated only with the approval of the Faculty Advisor and the Dean of the College.

### **Examinations, Tests, and Reviews**

1. A student who has final examinations in three successive periods may ask the Dean of the College or the registrar for an adjustment in the time of such examination.

2. Unsatisfactory grades at mid-term will be reported to the student involved. Where the record as a whole is unsatisfactory, a letter concerning the matter from the Dean will be sent to the student and parents.

### **Summer School**

The college normally conducts a summer session. Though offerings are less varied than during the Fall and Spring terms, the Summer curriculum includes a wide range of courses for undergraduates, teachers, and high school graduates who wish to qualify for advanced standing. Regular members of the St. Andrews Presbyterian College teaching staff and visiting professors make up the faculty of the summer school.

### **College Catalog Requirements Applicable to Entering Students**

In order that each class of students may understand the particular

catalog which is in effect, the following rulings are announced:

1. All students who entered St. Andrews College for the Fall semester, 1969, through Summer, 1970, are under the requirements of the 1969-1970 catalog.

2. All students who entered St. Andrews College for the Fall semester, 1970, through Summer, 1971, are under the requirements of the 1970-1971 catalog.

3. All students who entered St. Andrews College from the Fall semester, 1971, through Summer, 1972, are under the requirements of the 1971-72 catalog.

4. All students who enter St. Andrews College from the Fall semester, 1972, through Summer, 1973, are under the requirements of the 1972-1973 catalog.

### **Academic Warnings and Probation**

Academic performance which is not fully satisfactory will result in warnings at appropriate times. While probation notices are the most serious, other warnings, such as oral admonitions from instructors or the Deans, or written notices from the Registrar, should be given immediate attention. Several specific conditions, however, are to be observed whether or not a warning is given. These follow:

1. Any regular student whose cumulative grade point ratio is less than 1.75 on all work attempted will be placed on probation, if permitted to continue at St. Andrews.

2. Any regular student who fails two or more courses during the previous regular term may be placed on probation, at the discretion of the Faculty Executive Committee's sub-committee on Student Problems.

3. Any regular student whose grade point ratio for the previous regular term is less than 1.5 will be placed on probation.

4. A student placed on Academic Probation who fails to show marked improvement in his academic work during the following term may be asked to withdraw from St. Andrews. Any student still on Academic Probation after two successive regular terms on Academic Probation, and any student who fails all his academic courses in any regular term, is ineligible to return to St. Andrews.

5. Special students enrolling for less than the regular load will have their records and individual status reviewed by the Faculty Executive Committee.

6. At the end of each term the Dean of the College will mail notices of academic probation to the students concerned, with copies being mailed to the parents, guardian, or spouse. Copies will also be sent to the student's Faculty Advisor and the Office of Student Personnel Services.

7. Adequate grades on three or more summer school courses will remove a student from academic probation. Such study when approved by the Faculty Executive Committee will be counted in computing the

required hours for readmission. Grade point deficiencies can be made up only at St. Andrews.

8. The Faculty Executive Committee through its sub-committee on Student Problems may review a student's record at any time and invoke warning, probation, or suspension, or remove a student from such status, if in the Committee's judgment, such action is warranted. Particular attention will be given to student records at each grading period.

### **Probationary Regulations**

Probation is a means of communicating to and warning students, their parents or guardians, and others concerned that such students are not demonstrating satisfactory academic achievement and/or citizenship.

1. Probationary status may be invoked for any of the following causes:

- a. Unsatisfactory academic performance
- b. Unsatisfactory citizenship
- c. Excessive absence from class or laboratory

2. When a student is placed on probation for one of these reasons, he should recognize that his continuation at the college is in serious jeopardy. If additional probationary action is invoked for a different cause, the student may expect dismissal from the college. Students under probation during consecutive semesters most probably can expect suspension if probation otherwise would seem appropriate for the ensuing semester.

3. A student on academic probation may not receive assistance from the college, except that financial aid will not be cancelled for the remainder of a semester unless so recommended by the Faculty Executive Committee.

4. The procedures for appealing judgments of probation (or suspension) are as follows:

a. Judgments rendered by a Residence Court, Dormitory Council, or Traffic Court as the body of original jurisdiction may be appealed to the Student Judiciary Board. If probation (or suspension) is involved, appeals may be heard by the Student-Faculty Appellate Board.

b. Judgments rendered by the Student Judiciary Board as the body of original jurisdiction may be appealed to the Student-Faculty Appellate Board.

c. Unless otherwise authorized by the chairman of the judicial body rendering the judgment of probation (or suspension), or by one of the Deans, appeals are to be made no later than 4:00 p.m. the next working day following the action.

d. In actions involving probation (or suspension), students may request a review of the case by the President of the College or his delegated representative.

5. Students under probationary status are expected to exhibit evi-

dence of improvement both in academic achievement and in citizenship. Lack of such evidence, in the judgment of the Student Association judiciary, the Deans, or the Faculty Executive Committee, may result in suspension or dismissal without further hearing when such action appears to be warranted.

### **Continuation At St. Andrews**

To maintain satisfactory progress toward a degree, a student must pass nine courses each year and maintain a cumulative 2.00 average. He will be permitted to return, however.

(1) For his second year, upon completion of 8 courses passed with a 1.50 SACU.

(2) For his third year, upon completion of 17 courses passed with a 1.75 SACU.

(3) For his fourth year, upon completion of 28 courses passed with a 1.90 SACU, and acceptance as a major in an academic program.

### **Additional Considerations for Readmission**

1. In meeting the above requirements for continuation at St. Andrews, no grade of incomplete (I) or of conditional failure (E) may be counted in the total number of courses passed.

2. Credit for three or more summer school courses, when approved by the Faculty Executive Committee and in keeping with degree requirements, will be counted in computing the required total for readmission eligibility.

3. Both resident and non-resident students must complete the appropriate Residency Agreement to establish eligibility for readmission.

4. In keeping with the twofold purpose of the College, that of higher education and Christian citizenship, applicants for admission or readmission whose records of achievement and citizenship reveal questionable patterns of behavior, will be denied the privilege of enrollment or may be given an appropriate conditional status.

### **Withdrawal From St. Andrews**

Resident or non-resident students who desire or find it necessary to withdraw from St. Andrews at any time following notice of admission or readmission are expected to observe the regular withdrawal procedure:

1. Discuss the matter with the Faculty Advisor and secure his signature on the regular withdrawal form.

2. Advise the Dean of Students of the withdrawal and clear any impending disciplinary action. Secure his signature as a sign of clearance.

3. Clear with the Residence Director concerning any keys, room inspection, and laundry.

4. In order to complete the financial matter, clearance with the Health Center, library, and the business office is necessary. Clear financial matters in keeping with the following basic understandings: If a stu-

dent withdraws for any reason within the first three weeks following registration day (or within the first week of a summer term), one-half of the tuition and fees charged at the time of registration will be refundable. If a resident, a charge will be made for dormitory room rent. After the third week, or after the first week during the summer term, no refunds are allowed except for sickness or call into the armed services. Written evidence of such conditions must be filed with the Dean of the College. Further, no refunds will be made without an honorable dismissal from the Dean or without application for a refund at the time of withdrawal.

5. The withdrawal form must be taken to the Office of the Dean of the College for final processing. Processing of withdrawal must be initiated in ample time to complete the necessary procedures: i.e., offices close at 5:00 p.m. and processing will halt at that time, except in emergencies.

6. In emergencies, the President, Dean of the College, or the Dean of Students may adjust the procedures attending withdrawal.

## **NON-ACADEMIC POLICIES**

When any student does not show convincing evidence of being in sympathy with the purposes, policies, and procedures of the institution, the College must reserve the right to ask the student to withdraw.

### **GENERAL INFORMATION**

General College policy concerning civil violations, firearms, drugs, and alcoholic beverages come under the Code of Responsibility.

#### **Alcoholic Beverages**

Permission to possess or consume alcoholic beverages other than within the residence hall suite is granted only by the Office of Student Personnel Services. In accordance with the Code of Responsibility, printed below are laws pertinent to the use of alcoholic beverages in Scotland County:

G.S. 18-51(6) makes it unlawful for any person, association or corporation to permit any alcoholic beverages to be possessed or consumed upon any premises not authorized pursuant to Chapter 18 of the General Statutes, and for any person to possess or consume alcoholic beverages upon the premises where not authorized by law or where the persons have been forbidden to possess or consume alcoholic beverages by the owner or person in charge of said premises.

G.S. 18-90.1 makes it unlawful for any minor under the age of 18 years to purchase or possess the products described in G.S. 18-64, to-wit: beer and wine, etc., and also for any person under 21 years of age to purchase or possess alcoholic beverages, to-wit: liquor.

Under G.S. 18-51 a person who is at least 21 years of age may possess and consume alcoholic beverages as authorized in this section.

#### **Prohibition of Weapons**

The North Carolina General Assembly passed House Bill No. 499 on April 27, 1971 which "strictly prohibits the possession of any gun,

rifle, pistol, bowie knife, dagger, switch-blade knife, explosive of any kind, etc., etc.," from any college campus, public or private. Thus, any item considered a weapon, functional or nonfunctional is prohibited from the St. Andrews campus.

### **North Carolina Controlled Substance Act (1971)**

The 1971 General Assembly recently enacted the North Carolina Controlled Substances Act (Ch. 919, 1971 Sessions Laws—effective Jan. 1, 1972) which makes significant changes in North Carolina's drug laws. The act is patterned after the federal Comprehensive Drug Abuse Prevention and Control Act (1970) and includes provisions for increased criminal penalties as well as for treatment, education, and research.

The criminal provisions are arranged in six basic schedules in order of severity. The "controlled substances" are grouped within the various control schedules according to the following criteria: (1) potential for abuse, (2) medical value, (3) potential for physical or psychological addiction, and (4) relative danger to society. For example, heroin, LSD, mescaline and peyote are listed in Schedule I; opium and cocaine in Schedule II; amphetamines and barbituates in Schedule III; phenobarbital in Schedule IV; codeine in Schedule V; and marihuana and THC in Schedule VI, the least severe penalties. Felony level penalties up to life imprisonment are prescribed for most violations with monetary fines from \$5,000 to \$15,000. Criminal penalties are largely dependent upon the schedule and the classification of the offense into simple "possession" or more severe "distributing" (selling) categories. However, there is a statutory presumption of possession with intent to distribute if one possesses more than a specified minimum amount of a "controlled substance". For example, possession of more than 5 grams of marihuana or more than one-hundredth gram of THC carries a presumption of intent to distribute and thus a more severe penalty. Simple possession of Schedule III & IV substances are misdemeanors for the first offense although later offenses are considered felonies. The first two offenses of possession of Schedule V & VI substances are misdemeanors. Distribution of any controlled substance by a person between 18 and 21 years old to one under 18 who is also at least three years younger than the distributor is to be punished by twice the normal punishment provision. Similarly, distribution by a person 21 years or older to a person less than 21 years is to be punished by not less than 10 years to life and/or up to \$15,000 fine. One significant provision allows for the conditional discharge and expunction of the criminal records for first offenders of possession of Schedule III to VI substances after fulfilling probation requirements (which may include rehabilitation treatment), thus erasing the stigma of a criminal record.

Courts are given some discretion in sending offenders to treatment rather than penal facilities. Physicians and other practitioners are not to disclose the names of drug abusers who come to them for treatment; nor is such information admissible in evidence in courts of law.

The Department of Public Instruction and the Board of Higher Education are directed to carry out educational programs designed to prevent and deter misuse and abuse of controlled substances.

### **Personal Possessions**

A student is responsible for all items in his possession. Students are urged to lock their doors at all times.

### **Selling and Soliciting**

Only the Business Manager and the Dean of Students may grant

permission to sell or solicit items or services on campus. Any commitment by a student to a solicitor, whether authorized or not, is a personal commitment for which the College can assume no responsibility. Agents without a written permit from the Office of Student Personnel Services should be reported immediately.

### **Marriage**

Notification of plans for matrimony by an enrolled student should be received by Student Personnel Services as soon as possible.

### **Pets**

Due to state and local health regulations, dogs, cats, and all pets, except fish, must be excluded from all academic buildings, service buildings, dormitories, and all other campus facilities open to students, faculty, staff, and the public.

### **Tree Damage**

Any person found responsible for damaging the trees and shrubbery on campus will be held responsible for their replacement.

### **Fishing**

All state regulations regarding public fishing apply to the St. Andrews lake. Any resident of Scotland County may fish with a pole and natural bait. However, use of artificial bait requires a valid North Carolina fishing license. Students at St. Andrews are considered residents of Scotland County.

### **Military Obligation**

It will be the option of each male student to complete the application for Selective Service System Form No. 109. These forms may be picked up in the Office of the Registrar and must be picked up, completed and returned to the Office of the Registrar the first week of school.

### **Damage to College Property**

Individuals are responsible for college property designated for their use.

## **GUIDES FOR RESIDENT STUDENTS**

### **Dormitory Authority**

While the following regulations are intended primarily for resident students, all students while on campus or at college events are expected to observe these guides. All students, including off-campus men and women not residing with parents, guardian, or spouse are classified as resident students.

### **Curfew hours for first semester freshman women are:**

12:00 midnight, Sunday-Thursday

1:00 a.m., Friday

2:00 a.m., Saturday

All women, except first semester freshmen, have unlimited hours. All women's dorms are locked at 12:00 Sunday through Thursday, 1:00 Friday, and 2:00 Saturday. Each dorm has its own lock and security system for the safety of its residents.

**Sign-out procedure** is established by each dorm. Forms of sign-out procedures make it possible for a person to be found in case of emergency.

### **Room Change:**

Students may change rooms and roommates for good reasons, after filing a request and receiving approval for room change from the Director of College Housing. Copies of this request form are available in the Student Personnel Services Office. Students who change rooms without the approval of the Director of College Housing will be subject to a \$25.00 fine. This fine applies to all persons occupying rooms other than those to which they have been specifically assigned by the Housing Office.

### **Room Inspection:**

Inspection of rooms may be conducted only by a member of the administration, together with a student leader, and then only at the direction of the Student Personnel Services Office. Normal maintenance procedures may require college employees to enter rooms at other times during the college year, including vacations. Room inspection policy is covered in the Code of Responsibility. Normally, each dorm is inspected once a month for purposes of health, safety, and maintenance evaluation.

### **Specific Regulations Regarding Use of Residence Halls:**

1. Nails, tacks, and screws will not be driven into the walls, ceilings, doors, woodwork, or furniture.

2. Cigarette butts will not be extinguished or left on the furniture or floors.

3. Private antennas must be approved by the Director of the Physical Plant. Do not tap in to the cable television system.

4. Objects will not be suspended from the room ceilings, nor will the ceiling tile be removed.

5. Beds and desks will not be dismantled.

6. Wall coverings must adhere to state fire code and guidelines of the insurance underwriters.

7. All electrical appliances must bear the U.L.S. Seal of Approval. All refrigerators must be approved by the Director of the Physical Plant.

8. Food will not be kept in the residence hall except in closed tin, glass, or plastic containers. All food utensils and food preparation devices must be cleaned immediately after use, due to the danger of insect infestation.

9. Loss of furniture should be reported to the Dorm Manager or Residence Director, as furniture will be charged to the occupants until re-

covered. Furniture and furnishings will not be removed from rooms or suite lounges. Students with college-owned lounge furniture in their rooms without the approval of the Housing Office will be required to return the furniture to its proper place and will be assessed a fine.

10. Requests for removal of beds, mattresses, or desks from a room must be made to the Director of Housing.

11. Permission to paint rooms must be secured from the Director of the Physical Plant.

12. Requests for repairs or light bulbs and complaints about heating, air conditioning, or cleaning services should be reported to the Dorm Manager or Residence Director.

13. Personal property will not be left in the rooms between school years.

14. Bicycles or motor vehicles of any type, or parts thereof, will not be brought into the residence hall, lounges or rooms.

15. In the event of damages to a room or the furniture or furnishings therein, the College will charge the cost of the repairs to the occupants of that room until the responsibility for such damage is determined. The cost of repairs for damages to a suite hall, suite bath, or suite lounge will be charged to all occupants of that suite until responsibility for such damage is determined.

16. No items are to be stored in halls, suite lounges, bathrooms, under beds, or in any public areas except storage areas authorized by the Housing Office.

17. No refrigerators are to be kept in bathrooms.

18. Any St. Andrews student living in a dormitory may have a waterbed in his room, provided he meets two requirements. (1) Before he installs the waterbed the student must notify his dorm president, his suite leader, and the Housing Office. (2) Before he installs the waterbed, the student must sign a statement of financial responsibility for any damage that may be caused by the waterbed.

19. Shooting or possession of fireworks either in the residence hall or in the vicinity thereof will not be permitted.

20. Fire extinguishers will not be tampered with or removed from their stations except in case of fire.

### **Room Security:**

Students are encouraged to lock their rooms when leaving their suites for any length of time. This is an attempt to lessen the possibility of theft.

### **Open Dormitories:**

Open hours in dormitories are a major responsibility of individual suites, Suite Leaders, Dorm Councils, and dormitory officers. Individual suites may vote on hours within specific guidelines.

This year, for the first time, open hours in dormitories are divided

into three different arrangements, to allow for differences in backgrounds, experience, maturity, life style, and the academic demands placed on different students. Students may indicate which of these three different open dorm arrangements they prefer.

**Structured arrangement:** This arrangement provides for open dorm hours between 6:00 P.M. and 11:00 P.M. on weekdays and until 2:00 A.M. on weekends.

**Semi-Structured Arrangement:** Under this arrangement open dorm hours will be 12:00 noon until 12:00 midnight on weekdays and until 2:00 a.m. on weekends.

**Loosely Structured Arrangement:** In this arrangement the suite will remain open for as many hours as its members desire up to a maximum of 21 hours per day. This arrangement does not nullify the policy requiring all dorms to close between the hours of 4:00-7:00 A.M. daily. Its main objective is to permit a greater degree of flexibility for the students involved.

In addition, students may indicate whether or not they want to live in a suite with specified quiet hours. As far as possible, such preferences will be honored when making room assignments.

Suites have the option to further limit open dorm hours if the suite members elect to do so beyond the established limits of their dorm arrangement.

The limited nature of open dorms would not in any way interfere with the individual's right to go or come in at any hour.

As always, students will be allowed to change to another suite by means of the established system if they feel the arrangement they have chosen is not satisfactory to their needs.

Incoming Freshmen will be sent material explaining the three types of open dorm arrangements and a card for the student to indicate his preference. For Freshmen only, the parents' signature would be needed on the open dorm arrangement selection card. This would facilitate negotiation between incoming students and parents rather than between the college and parents for a certain arrangement.

All returning students will be free to select the living arrangement that holds the greatest promise of individual need fulfillment. The number of dorms and suites in each arrangement would be determined by the number of students selecting that type arrangement.

The following points will be observed:

- (1) All dorms will be closed from 4:00 A.M. to 7:00 A.M.
- (2) Extended open hours may be obtained on a day-to-day basis through the approval of the respective Dorm President and Vice-President, in consultation with the Dean of Students.
- (3) Each individual Dorm Council or suite may choose to legislate stricter dorm hours.
- (4) The desire for extended open hours must be expressed by 5:00

P.M. of the particular night in question.

(5) Infractions of this policy will be handled by the respective Dorm Council.

(6) Open hours must be posted on all suite doors at all times on approved forms.

### **Impeachment of Suite Leaders:**

To impeach a suite leader a list of grievances signed by a two-thirds ( $\frac{2}{3}$ ) majority of the concerned suite shall be presented to the appropriate Dorm Council. The council shall investigate the grievances and vote by a two-thirds ( $\frac{2}{3}$ ) majority for the removal of the said suite leader or waive the proposal. If the suite leader is removed the suite shall elect a new suite leader.

### **Long Distance Calls:**

Long distance phone calls are to be made only at a pay phone. Local calls may be made from the phone by first dialing 9.

### **Overnight Guests:**

Overnight guests staying in the guest rooms are charged a linen fee, \$2.00 for the first night and \$1.00 per night thereafter. The cost of meals is listed in the cafeteria. All visitors staying longer than three nights must have permission in writing from the Office of Student Personnel Services. Overnight guests must be registered with the Residence Director.

### **Residence Philosophy:**

While Suite Leaders and Dormitory Presidents have primary authority in maintaining necessary order in dorms, it is each student's responsibility to become involved in this endeavor. Several approaches are available: a personal confrontation, a suite meeting, referral to a Residence Court via the Suite Leader, or a conference with the Residence Director or other student personnel staff members. In every instance, conversation should precede action. As in all disciplinary cases, the student's total academic and citizenship record will be weighed against specific charges.

### **Off-Campus Residents:**

Since St. Andrews is a residential college, all students are required to live in the dormitories on campus, when available space permits, unless they are living with parents, guardians, or husbands or wives. Single undergraduate men and women fully admitted but for whom no space on campus can be assured may be permitted to reside off-campus when approved by application to the Office of Student Personnel Services. Basic college regulations apply to off-campus residents.

Persons who wish to reside off-campus must first complete an "Application for Off-Campus Housing." First priority is given to groups of students organized for creative educational purposes. Second priority is given to older students by class and age.

### **Roof of Dormitories:**

For the protection of lives and property, no one is permitted to use

the roof of dormitories without prior approval from the Director of the Physical Plant.

**"The Wall"** (i.e., the front section of the wall between the ramp and the steps at the end of the causewalk nearest the College Union) is for any St. Andrews student who wishes to draw public attention to any ideas and feelings he wants to express. Students are requested to follow the Code of Responsibility in the use of The Wall and to limit their use to this one section only.

## DORM AUTONOMY STATEMENT

According to the Student-Faculty Appellate Board decision of March 9, 1970, dorm autonomy is the recognition of the need for dorms to be able to determine their own practice in situations that are appropriate specifically to them; in line with policies approved by the IDS. Dorm autonomy is not meant to presuppose that the IDS acts as a rubber stamp to any and all proposals made by the Dorm Councils. Due to the apparent lack of communication among all levels of campus government organization, the Student-Faculty Appellate Board interprets from the 1969-1970 Constitution of the Student Association the following procedure as a necessary organization guide-line.

## General Guides

### St. Andrews Code of Responsibility

#### PREAMBLE:

St. Andrews is a church-related, coeducational, residential, liberal arts college. It exists to liberate men and women socially, intellectually, and religiously. Its purpose is to develop men and women whose leadership and service are an expression of their critical, creative and disciplined minds and lives and of their humane concern. The effectiveness of such an educational process is determined by the quality of the total life of the college community.

The College recognizes that excessive conformity prevents community and forbids individuality. Similarly extreme individualism not only prevents individual growth, but denies the individual's responsibility for his brothers' good in community. Therefore, the College endeavors to hold in meaningful and balanced tension both independence and inter-dependence. To give its members an opportunity for maturation it advocates freedom; to ensure the existence of a viable community it insists upon the exercise of responsibility. It believes that its educational purposes can best be accomplished in an atmosphere of responsible freedom and commitment rather than by means of superficial conformity to a set of detailed rules and prohibitions. It believes that responsible maturity is more likely to develop when each member of the community is both free and obligated to struggle with principles of conduct and to accept full responsibility for his own actions and decisions.

To honor these commitments of St. Andrews, this Code is subscribed to and honored by the entire College community: Board of Trustees, administration, faculty\* and students. It is recognized that every particular will not apply equally to each of these segments of the College. Nevertheless, the spirit of the whole does apply, and each segment should embrace the particulars in ways appropriate to its conditions and needs.

**Honor System.** Each member of the College community is expected to subscribe to the St. Andrews Honor Code: "As a member of the Honor Community of St. Andrews, I pledge that I will not lie, cheat, or steal, nor will I tolerate this conduct in any other member of the community. I will do all within my power to uphold the high standard of integrity and honor of St. Andrews."

**Academic Responsibility.** Students have the right to take reasoned exception to selected data or views offered in courses and to reserve judgment about matters of opinion. They are, therefore, protected against prejudicial or capricious evaluation. Professors have a responsibility to inform students concerning course expectations and criteria for performance evaluation and to maintain office hours for conferences with students who need counsel and advice regarding their progress in the course. Students are responsible, however, for learning the content of any course in which they are enrolled; and they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

Knowledge of student views, beliefs, and political associations which professors acquire in the course of their work as instructors, advisors, and counselors is considered confidential. Members of the student body and members of the faculty should be protected from arbitrary curriculum changes (e.g. catalog changes,

changes in major requirements, without following appropriate procedures).

*\*The Faculty approves the Code with the proviso that any reading or interpretation of this Code is null and void which is at variance with the By-Laws of the Faculty or the Student Constitution which the Faculty approves and that this qualification be published with any official report or publication of the faculty's approval of the Code.*

**Academic and Disciplinary Records.** The College maintains one official copy of the student's academic record and one copy of his non-academic record. These records are confidential, and their contents are not revealed to others, with the exception of parents and guardians, without a written request from the student or a court order. Academic transcripts contain only academic data except that all withdrawals prior to graduation, voluntary or involuntary, are considered relevant and are recorded on the transcript. Upon the student's departure from the College only academic and official disciplinary records of legitimate courts are retained; all others are destroyed. The College will establish for each student a placement file in accordance with professional standards.

### **Freedom of Expression and Assembly.**

1. Members of the academic community and college organizations should be free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. They should always be free to support causes by orderly means which do not disrupt the regular and essential operation of the institution. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations students or student organizations speak only for themselves.

2. Members of the academic community and all authorized college organizations should be allowed to invite and to hear any person of their own choosing, provided that the event and the speaker are properly scheduled by the Calendar Committee and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities should not be used as a device of censorship. It should be made clear to the academic and larger community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or the institution.

**Media.** The College newspaper, other publications, and campus broadcast media are recognized as valuable aids in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. The quality of such output is expected to reflect the kind of intellectual production normally associated with an academic community: intellectual integrity, judicious perception of the pros and cons of any position, rational argument and careful scholarship. They shall have freedom of expression within the context of the following limitations:

a. Recognition on the part of authors, editors and commentators that freedom entails corollary responsibilities to be governed by the canons of responsible journalism, such as avoidance of libel, slander, impropriety, undocumented allegations, attacks on personal integrity, and the technique of harassment and innuendo.

b. The right of any person in the community who thinks that he or the College has been abused in any way mentioned to appeal to the proper authorities for redress; (1) if the author is a student, appeal to the Student Judiciary Board; (2) if the author is a professor, appeal to the Faculty Personnel Committee.

c. Recognition that if a person outside the College brings legal action against the College which results from statements made by a student in student media, the College may also bring charges against such a student to the Student Judiciary Board.

d. Each of the media will carry the statement that the opinions expressed by it are not necessarily those of the College.

**Personal Privacy and Safety.** Each person has a right to safety in his person and belongings, to privacy in his residence, to freedom from offensive, riotous, unruly or disruptive conduct on the part of others, and to the maintenance of an atmosphere conducive to study. Likewise, each person has the responsibility to help provide and protect this right for the other members of the community; and each person has a responsibility to respect the property of the College. It is the responsibility of the College to provide a security system to protect persons and property. It is a collateral responsibility of the members of the community to respect and cooperate with the Security Officers in the interest of community well-being.

The College reserves the right to inspect residence halls periodically for the purpose of assuring fire prevention, sanitation, safety, and the maintenance of the College plant. It also reserves the right to search a room for a specific purpose provided the following conditions are met: (a) that the reasons therefor and the objects or information sought have been clearly specified by or to the Dean of Students in writing, that this information is clearly specified in writing to all students involved, and kept on file; and (b) that justifiable cause to conduct the search is found to exist by the Dean of Students; and (c) that the student involved is present if possible during the search; and (d) that the search is conducted by a member of the office of Student Personnel Services, and the dorm president or vice-president or the suite leader of the involved suite. Since protection against improper search is important to student rights and freedoms, the dorm president or vice-president must agree that it is not possible for the student involved to be present, as specified in term "c" above, before a search is made.

**Alcoholic Beverages.** St. Andrews strongly disapproves the misuse of alcoholic beverages prevalent in our society and affirms, consistent with the frequently reiterated position of the church, the appropriateness of voluntary abstinence as the norm. The College will not tolerate alcoholic consumption which produces loss of self-control, abuse of the person or rights of others, excessive disturbance, or destruction of property. Such conduct is subject to disciplinary action. Compliance with local and state laws concerning the purchase, possession, transportation, and consumption of alcoholic beverages is expected.

**Drugs.** All local, state, and federal laws will be observed regarding the use, possession, and sale of drugs.

**Firearms.** The possession and use of firearms in a campus community constitutes a serious hazard. Therefore, the possession and use of firearms must be considered a privilege rather than a right, and will be permitted only under the most explicit conditions, the violation of which warrants appropriate disciplinary action.

Firearms are to be maintained and stored in accordance with state and federal law, and college regulations.

**Financial Responsibility.** Members of the St. Andrews community are expected to demonstrate financial integrity and responsibility and to meet their financial commitments. The College will serve neither as a collection agency for debts incurred elsewhere nor as a shelter for creditors. However, the College has a responsibility to inform a student of his indebtedness to the College in advance of his departure, and the student must remove such indebtedness in order to be graduated or to receive transcripts from the College.

**Disciplinary Action.** Members of the College community have the right of

due process in matters involving disciplinary action. Such procedures for the student shall conform to the Joint Statement on Rights and Freedoms of Students VI. (omitting B. 1) and V.B. and for the faculty shall conform to the 1940 Statement of Principles on Academic Freedom and Tenure.

**Code Implementation and Amendment.** The Faculty and the Student Senate shall jointly assume responsibility to devise ways and means for this Code to become increasingly an expression of St. Andrews community life, to continue to review it for adequacy, and collectively to become the instrument by which future revisions are recommended to the Board of Trustees.

## **IMPLEMENTATION OF THE CODE OF RESPONSIBILITY**

During the 1970-71 school year a committee of faculty and students was charged by President Hart with the implementation of the Code of Responsibility. They met and discussed various ways of interpretation of the several sections of the Code, and listened to the opinions of administrative and student leaders concerning its implementation, and then devised a series of recommendations for various segments of the college community. These recommendations, which pertain to specific sections of the Code, have been submitted to the President of the College. At this date the Code exists as it stands.

## **JOINT STATEMENT ON RIGHTS AND FREEDOMS OF STUDENTS**

In June, 1967, a joint committee, comprised of representatives from the American Association of University Professors, U. S. National Student Association, Association of American Colleges, National Association of Student Personnel Administrators, and National Association of Women Deans and Counselors, met in Washington, D. C., and drafted the Joint Statement on Rights and Freedoms of Students published below.

The multilateral approach which produced this document was also applied to the complicated matter of interpretation, implementation, and enforcement, with the drafting committee recommending (a) joint efforts to promote acceptance of the new standards on the institutional level, (b) the establishment of machinery to facilitate continuing joint interpretation, (c) joint consultation before setting up any machinery for mediating disputes or investigating complaints, and (d) joint approaches to regional accrediting agencies to seek embodiment of the new principles in standards for accreditation.

Since its formulation, the Joint Statement has been endorsed by each of its five national sponsors, as well as by a number of other professional bodies. The endorsers are listed below:

U. S. National Student Association  
Association of American Colleges  
American Association of University Professors  
National Association of Student Personnel Administrators  
National Association of Women Deans and Counselors  
American Association for Higher Education

## PREAMBLE

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. Institutional procedures for achieving these purposes may vary from campus to campus, but the minimal standards of academic freedom of students outlined below are essential to any community of scholars.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility.

The responsibility to secure and to respect general conditions conducive to the freedom to learn is shared by all members of the academic community. Each college and university has a duty to develop policies and procedures which provide and safeguard this freedom. Such policies and procedures should be developed at each institution within the framework of general standards and with the broadest possible participation of the members of the academic community. The purpose of this statement is to enumerate the essential provisions for student freedom to learn.

### I. FREEDOM OF ACCESS TO HIGHER EDUCATION

The admissions policies of each college and university are a matter of institutional choice provided that each college and university makes clear the characteristics and expectations of students which it considers relevant to success in the institution's program. While church-related institutions may give admission preference to students of their own persuasion, such a preference should be clearly and publicly stated. Under no circumstances should a student be barred from admission to a particular institution on the basis of race. Thus, within the limits of its facilities, each college and university should be open to all students who are qualified according to its admission standards. The facilities and services of a college should be open to all its enrolled students, and institutions should use their influence to secure equal access for all students to public facilities in the local community.

### II. IN THE CLASSROOM

The professor in the classroom and in conference should encourage free discussion, inquiry, and expression. Student performance should be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

#### A. Protection of Freedom of Expression

Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.

#### B. Protection Against Improper Academic Evaluation

Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

#### C. Protection Against Improper Disclosure

Information about student views, beliefs, and political associations which

professors acquire in the course of their work as instructors, advisers, and counselors should be considered confidential. Protection against improper disclosure is a serious professional obligation. Judgments of ability and character may be provided under appropriate circumstances, normally with the knowledge or consent of the student.

### III. STUDENT RECORDS

Institutions should have a carefully considered policy as to the information which should be a part of a student's permanent educational record and as to the conditions of its disclosure. To minimize the risk of improper disclosure, academic and disciplinary records should be separate, and the conditions of access to each should be set forth in an explicit policy statement. Transcripts of academic records should contain only information about academic status. Information from disciplinary or counseling files should not be available to unauthorized persons on campus, or to any person off campus without the express consent of the student involved except under legal compulsion or in cases where the safety of persons or property is involved. No records should be kept which reflect the political activities or beliefs of students. Provisions should also be made for periodic routine destruction of noncurrent disciplinary records. Administrative staff and faculty members should respect confidential information about students which they acquire in the course of their work.

### IV. STUDENT AFFAIRS

In student affairs, certain standards must be maintained if the freedom of students is to be preserved.

#### A. Freedom of Association

Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the academic community. They should be free to organize and join associations to promote their common interests.

1. The membership, policies, and actions of a student organization usually will be determined by vote of only those persons who hold bona fide membership in the college or university community.

2. Affiliation with an extramural organization should not of itself disqualify a student organization from institutional recognition.

3. If campus advisers are required, each organization should be free to choose its own adviser, and institutional recognition should not be withheld or withdrawn solely because of the inability of a student organization to secure an adviser. Campus advisers may advise organizations in the exercise of responsibility, but they should not have the authority to control the policy of such organizations.

4. Student organizations may be required to submit a statement of purpose, criteria for membership, rules of procedures, and a current list of officers. They should not be required to submit a membership list as a condition of institutional recognition.

5. Campus organizations, including those affiliated with an extramural organization, should be open to all students without respect to race, creed, or national origin, except for religious qualifications which may be required by organizations whose aims are primarily sectarian.

#### B. Freedom of Inquiry and Expression

1. Students and student organizations should be free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. They should always be free to support causes by orderly means which

do not disrupt the regular and essential operation of the institution. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations students or student organizations speak only for themselves.

2. Students should be allowed to invite and to hear any person of their own choosing. Those routine procedures required by an institution before a guest speaker is invited to appear on campus should be designed only to insure that there is orderly scheduling of facilities and adequate preparation for the event, and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities should not be used as a device of censorship. It should be made clear to the academic and large community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or the institution.

### **C. Student Participation in Institutional Government**

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The student body should have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of the student government and both its general and specific responsibilities should be made explicit and the actions of the student government within the areas of its jurisdiction should be reviewed only through orderly and prescribed procedures.

### **D. Student Publications**

Student publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. They are a means of bringing student concerns to the attention of the faculty and the institutional authorities and of formulating student opinion on various issues on the campus and in the world at large.

Whenever possible the student newspaper should be an independent corporation financially and legally separate from the university. Where financial and legal autonomy is not possible, the institution, as the publisher of student publications, may have to bear the legal responsibility for the contents of the publications. In the delegation of editorial responsibility to students the institution must provide sufficient editorial freedom and financial autonomy for the student publications to maintain their integrity of purpose as vehicles for free inquiry and free expression in an academic community.

Institutional authorities, in consultation with students and faculty, have a responsibility to provide written clarification of the role of the student publications, the standards to be used in their evaluation, and the limitations on external control of their operation. At the same time, the editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications the following provisions are necessary.

1. The student press should be free of censorship and advance approval of copy, and its editors and managers should be free to develop their own editorial policies and news coverage.

2. Editors and managers of student publications should be protected from arbitrary suspension and removal because of student, faculty, administrative, or

public disapproval of editorial policy or content. Only for proper and stated causes should editors and managers be subject to removal and then by orderly and prescribed procedures. The agency responsible for the appointment of editors and managers should be the agency responsible for their removal.

3. All university published and financed student publications should explicitly state on the editorial page that the opinions there expressed are not necessarily those of the college, university, or student body.

## **V. OFF-CAMPUS FREEDOM OF STUDENTS**

### **A. Exercise of Rights of Citizenship**

College and university students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy and, as members of the academic community, they are subject to the obligations which accrue to them by virtue of this membership. Faculty members and administrative officials should insure that institutional powers are not employed to inhibit such intellectual and personal development of students as is often promoted by their exercise of the rights of citizenship both on and off campus.

### **B. Institutional Authority and Civil Penalties**

Activities of students may upon occasion result in violation of law. In such cases, institutional officials should be prepared to apprise students of sources of legal counsel and may offer other assistance. Students who violate the law may incur penalties prescribed by civil authorities, but institutional authority should never be used merely to duplicate the function of general laws. Only where the institution's interests as an academic community are distinct and clearly involved should the special authority of the institution be asserted. The student who accidentally violates institutional regulations in the course of his off-campus activity, such as those relating to class attendance, should be subject to no greater penalty than would normally be imposed. Institutional action should be independent of community pressure.

## **VI. PROCEDURAL STANDARDS IN DISCIPLINARY PROCEEDINGS**

In developing responsible student conduct, disciplinary proceedings play a role substantially secondary to example, counseling, guidance, and admonition. At the same time, educational institutions have a duty and the corollary disciplinary powers to protect their educational purpose through the setting of standards of scholarship and conduct for the students who attend them and through the regulation of the use of institutional facilities. In the exceptional circumstances when the preferred means fail to resolve problems of student conduct, proper procedural safeguards should be observed to protect the student from the unfair imposition of serious penalties.

The administration of discipline should guarantee procedural fairness to an accused student. Practices in disciplinary cases may vary in formality with the gravity of the offense and the sanctions which may be applied. They should also take into account the presence or absence of an honor code, and the degree to which the institutional officials have direct acquaintance with student life in general and with the involved student and the circumstances of the case in particular. The jurisdictions of faculty or student judicial bodies, the disciplinary responsibilities of institutional officials and the regular disciplinary procedures, including the student's right to appeal a decision, should be clearly formulated and communicated in advance. Minor penalties may be assessed informally under prescribed procedures.

In all situations, procedural fair play requires that the student be informed

of the nature of the charges against him, that he be given a fair opportunity to refute them, that the institution not be arbitrary in its actions, and that there be provision for appeal of a decision. The following are recommended as proper safeguards in such proceedings when there are no honor codes offering comparable guarantees.

#### **A. Standards of Conduct Expected of Students**

The institution has an obligation to clarify those standards of behavior which it considers essential to its educational mission and its community life. These general behavioral expectations and the resultant specific regulations should represent a reasonable regulation of student conduct, but the student should be as free as possible from imposed limitations that have no direct relevance to his education. Offenses should be as clearly defined as possible and interpreted in a manner consistent with the aforementioned principles of relevancy and reasonableness. Disciplinary proceedings should be instituted only for violations of standards of conduct formulated with significant student participation and published in advance through such means as a student handbook or a generally available body of institutional regulations.

#### **B. Investigation of Student Conduct**

1. Except under extreme emergency circumstances, premises occupied by students and the personal possessions of students should not be searched unless appropriate authorization has been obtained. For premises such as residence halls controlled by the institution, an appropriate and responsible authority should be designated to whom application should be made before a search is conducted. The application should specify the reasons for the search and the objects or information sought. The student should be present, if possible, during the search. For premises not controlled by the institution, the ordinary requirements for lawful search should be followed.

2. Students detected or arrested in the course of serious violations of institutional regulations, or infractions of ordinary law, should be informed of their rights. No form of harassment should be used by institutional representatives to coerce admissions of guilt or information about conduct of other suspected persons.

#### **C. Status of Student Pending Final Action**

Pending action on the charges, the status of a student should not be altered, or his right to be present on the campus and to attend classes suspended, except for reasons relating to his physical or emotional safety and well-being, or for reasons relating to the safety and well-being of students, faculty, or university property.

#### **D. Hearing Committee Procedures**

When the misconduct may result in serious penalties and if the student questions the fairness of disciplinary action taken against him, he should be granted, on request, the privilege of a hearing before a regularly constituted hearing committee. The following suggested hearing committee procedures satisfy the requirements of procedural due process in situations requiring a high degree of formality.

1. The hearing committee should include faculty members or students, or, if regularly included or requested by the accused, both faculty and student members. No member of the hearing committee who is otherwise interested in the particular case should sit in judgment during the proceeding.

2. The student should be informed, in writing, of the reasons for the proposed disciplinary action with sufficient particularity, and in sufficient time,

to insure opportunity to prepare for the hearing.

3. The student appearing before the hearing committee should have the right to be assisted in his defense by an adviser of his choice.

4. The burden of proof should rest upon the officials bringing the charge.

5. The student should be given an opportunity to testify and to present evidence and witnesses. He should have an opportunity to hear and question adverse witnesses. In no case should the committee consider statements against him unless he has been advised of their content and of the names of those who made them, and unless he has been given an opportunity to rebut unfavorable inferences which might otherwise be drawn.

6. All matters upon which the decision may be based must be introduced into evidence at the proceeding before the hearing committee. The decision should be based solely upon such matters. Improperly acquired evidence should not be admitted.

7. In the absence of a transcript, there should be both a digest and a verbatim record, such as a tape recording, of the hearing.

8. The decision of the hearing committee should be final, subject only to the student's right of appeal to the president or ultimately to the governing board of the institution.

# **General Information**

## **About Laurinburg**

Laurinburg has a population of about 10,000 and in 1956 was the first city in North Carolina to be chosen an All-American City and was selected for the second time in 1968. Laurinburg is in Scotland County, of which it is the county seat. The county is an agricultural one, while Laurinburg itself is an industrial growth center of various mills and plants. Yet it still maintains a "small town atmosphere."

Laurinburg is served by air via Piedmont Airlines at Fayetteville, forty miles north; by train via Seaboard Coast Line at Hamlet, fourteen miles west; by bus via Greyhound and Trailways at Laurinburg.

Laurinburg and St. Andrews work together from time to time. The Laurinburg merchants often welcome incoming freshmen in some festive manner. St. Andrews' student teachers are often placed in Laurinburg for internship and several students either live or hold jobs in town. The college Peace Corps works with the underprivileged of Laurinburg and the townspeople often enjoy the athletic competitions, the concerts and the plays on campus. Recently St. Andrews students have been allowed to register and vote in Scotland County.

Laurinburg has churches of all major denominations. Bus service is provided to most of these each Sunday. The town also has two theatres, one drive-in theatre, various restaurants, drive-ins, shopping areas and motels, including a Holiday Inn.

# Hail, St. Andrews!

Words by Donald F. and  
Robert MacDonald  
In stately tempo

Tune: "Maigheanan na h' Airidh"  
Traditional Scots Gaelic Air  
arr. by MacDonald

1. Hail to thee our Al-ma Ma-ter! Bold thy Banner wav-ing o'er us!

2. Hail, all hail to thee St. An-drews May thy cour-age be un-bend-ing.

Let each loy-al son and daugh-ter proud-ly stand and raise the 'cho-rus:  
Guid-ed by His migh-ty hand whose lov-ing mer-cy knows no end-ing.

From old Sco-tia's lof-ty lands to Ca-ro-lin-a's gen-tle plain--  
With thy sal-tire raised be-fore us-- cross of white and field of blue--

Now thy no-ble name, St. An-drews — Ev-er glor-ious shall re-main!  
we pro-claim thy faith vic-tori-ous — and thy vis-ion ev-er true!
